Brooklyn, New York 11201

RE: Robert Hogan, AKA Christopher May-Shaw v. City of New York, et al.  
Civil Case No 17-CV-5591

Honorable Lois Bloom,

I am writing this Communique for the above mentioned reference. Today I recieved (2) Two letters from the Defendants Attorney's. One letter was dated November 17, 2017 and the other was dated November 22, 2017. The zip code was wrong which may have caused a delay in me receiving the letter's in a timely manner. (49321 and the correct one is 49349).

However, I am not in agreement to any extensions of time to the Valentin ORDER because the

Corporation Counsel has many resources to make contact with the 67<sup>th</sup> Precinct Office and the named Defendants to identify the "John Doe" Defendants.

With regard to the "Consent and Authorization Form" pursuant to CPL § 160.50 Release, I have not executed because again, the Corporation Counsel office can contact the Kings County District Attorney's Office and gain access of the Complete File from Assistant District Attorney Jingq Chong (or A.D.A. Stephanie D. Agostino) who prosecuted the case. Executing the form will not provide the names of the four officer's because they are not listed in the Complete File that I have, and this should not hinder any filing process or hinder their ability to answer the Complaint by December 4, 2017.

Your Honor, unless you order that I submit and sign the Consent and Authorization Form for the release, then I will do so. I have attempted to call the Corporation Counsel's office several times and has not gotten an answer. Without your ORDER, I do not believe that the Corporation Office will be hindered with gaining the files using their proper resources.

Respectfully,

Christopher May-Shaw
